

BURLINGTON MAN AMONG WOUNDED

Private John R. Taft Only
Vermont in New
Casualty Lists

ESSEX CENTER MAN IN CORRECTED LIST

Pvt. Bert L. King Severely
Wounded—Middlebury Sol-
dier Reports for Duty

Washington, D. C., Feb. 1.—To-day's casualty list contained 188 names, divided as follows: Killed in action, 18; died of wounds, 16; died of accident or other cause, 6; died of disease, 30; wounded severely, 124; wounded (degree undetermined), 1; missing in action, 3.

There were no Vermont or New Hampshire men included in the list, but a list of cabled corrections contained the following names:

Wounded Severely, Previously Reported Missing.
Pvt. Bert L. King, Essex Center, Vt.
Present for Duty, Previously Reported Missing in Action.

Pvt. Frank L. Goss, Middlebury, Vt.
Pvt. Arthur P. Merrier, Newmarket, N.H.
A supplementary list of casualties issued to-day contained 1,439 names, divided as follows: Wounded (degree undetermined), 608; wounded slightly, 861. The Vermont and New Hampshire men included were as follows:

Wounded, Degree Undetermined.
Pvt. John Gamache, Nashua, N. H.
Pvt. Alphonse Brochu, Manchester, N. H.
Pvt. Lewis P. Parent, Groveton, N. H.
Pvt. John R. Taft, Burlington, Vt.

Wounded Slightly.
Pvt. Edward F. Hyland, Concord, N. H.
Pvt. Chester D. Campbell, Lebanon, N. H.
Pvt. Ned Hoyt, Bristol, N. H.
Pvt. Everett C. Emerson, Ossipee, N. H.
Pvt. Richard Greenleaf, Nashua, N. H.

MARRIED TO BUDDHA.

Young Woman of Highest Nobility in Japan Was the "Bride."

Tokio, Jan. 31.—The "marriage to Buddha" of a young woman of the highest nobility of Japan has attracted wide attention. Her father, Viscount Sengoku, is an official of the imperial household department and the young woman is an adopted daughter of Prince Kijo. The young woman's head was shaved in the course of a ceremony of much display and solemnity at the Zuiry temple in Kyoto, and it is understood that under her new name of "Sun Purity of the Zuiry Temple," she becomes recognized as the designated successor of the abbess of one of the great Buddhist establishments in Kyoto. As such, she at once came up to Tokio to be received in audience by the empress.

MEN AND WOMEN

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness often disappear when the kidneys are out of order or diseased. For good results use Dr. Kilmer's Swamp-Root, the great kidney medicine. At drug stores in large and medium size bottles. Sample also bottle by parcel post, also pamphlet. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents. When writing mention the Barre Daily Times—Adv.

Teach Children to Use Cuticura for Hair and Skin

That they may have good hair and clear skin through life. Try this treatment for the hair. At night rub Cuticura Ointment into partings all over the scalp. Next morning wash with Cuticura Soap and hot water. Nothing better than Cuticura for all toilet purposes.

Don't children's skin with Cuticura Talcum, a delicately perfumed skin powder. At all druggists 75c.

A Good Auto Needs GOOD SERVICE

A good automobile is a beautiful piece of mechanism, and every working part is made to work in absolute harmony—that's how you get such sweet running cars to-day.

But the speed you exact of your car and the roads you put it over make adjustments and repairs necessary. It takes a real mechanic to repair an automobile—and you should be extremely careful to whom you trust your car for repairs.

We are, every one of us at this garage, real mechanics; and you are guaranteed right treatment when you put it up to us to make a repair or adjustment. That's the reputation we have made, and it's worth a lot to you.

Yours for service,

NO TONIC LIKE HOOD'S

Sarsaparilla for a Time Like This, After Influenza, the Grip.
When purified blood, rebuilt strength and regulated bowels are essential. In the after-effects of influenza, the grip and other prostrating diseases, Hood's Sarsaparilla has remarkable health-helping effect.
It expels the poisons that have weakened and depleted the blood, causing pallor, anemia, flabby flesh and lax muscles. It is the standard blood remedy with a successful record of nearly fifty years.
Many people—it is really astonishing how many—need a fine, gentle, easy cathartic in these trying times. We recommend Hood's Pills, used in the best families, and equally effective with delicate women or robust men. Easy to take, easy to operate.—Adv.

SERVICE INSURANCE MAY BE CONVERTED

Government Will Permit Transfer Within Five Years, According to Plan Announced by War Risk Insurance Bureau.

Washington, D. C., Jan. 31.—Conditions under which soldiers or sailors now holding government life insurance may convert these policies within five years into other forms which can be carried with the government during their life time were announced to-day by Colonel Henry D. Linsley of the war risk insurance bureau. Rates will be made public soon and the new policies will not be available until then.
There will be six different kinds of insurance—ordinary life, 20-payment life, 30-payment life, 20-year endowment, 30-year endowment and endowment payable at the age of 62. All policies will contain clauses providing that in case of permanent total disability of the insured man, the government will make monthly payments to him and premium payments will cease. This amounts virtually to old-age pensioning and disability insurance, and insures that no man who has served in the army or navy need ever be destitute if he carries the government insurance.

All policyholders will participate in dividends, and earnings of over 3½ per cent from the insurance fund will go into dividends. Since the reserves will be invested in government securities, most of which will pay in the neighborhood of 4½ per cent, there will be large dividends to be returned periodically to policyholders.

Collections of premiums will be made through postmasters in each community. Although the rates have not yet been announced, Colonel Linsley stated to-day they would be so low that officials of private insurance companies which assisted in drafting the rate schedule had admitted their companies could not compete with them.

Any man now in military or naval service holding government term life insurance can obtain the new forms, but the amount will be limited to his present holdings, which in no case are more than \$10,000. The government urges all men to continue to carry their present policies but to convert these as soon as they are financially able within the next five years. The government itself and not private companies will carry these converted policies, it was emphasized.

MUCH ANXIETY IN JAPAN

Over the Shortage of Rice Crop During the Past Year.

Tokio, Jan. 30 (Correspondence of the Associated Press).—The shortage of the rice crop is causing unusual anxiety throughout Japan. The crop this year is 30,000,000 bushels less than the average. As the annual consumption is 30,000,000 bushels, the supply for the next year is short exactly 10 per cent. Riceless days are suggested by it is not easy to adopt the plan of western countries and enforce riceless days, after the example of wheatless days.

In America, wheat bread forms a relatively small part of the daily food, whereas in Japan and all eastern countries, rice is consumed in large quantities and constitutes the real meal, the other food articles being of the nature of relishes or side dishes, so while the phrase "riceless days" is easily spoken, it would practically mean foodless days for the mass of the people.

The situation is perplexing not only from the food point of view, but also politically. There was a rice riot on Dec. 15 at Toyama in the interior.

The working class during the past year wasted rice. They were earning large war wages and were able to leave their scantier diet of coarse sweet potatoes and the like, and eat as much first-class rice as they wanted. If they are compelled to return to their old diet it is feared they may become tumultuous. Some predict that rice will reach the equivalent of \$7 a bushel before next autumn.

DROPPED SHELL KILLED 54 MEN

Most of the Dead in Accident Were German Prisoners

ONE AMERICAN IN THE LIST OF KILLED

Munition Train Was Blown Up Between Aubange and Longwy

Brussels, Friday, Jan. 31.—Sixty German prisoners, three French officers and one American were killed and many injured when a munition train exploded on the railroad between Aubange and Longwy to-day. The accident was due to a soldier dropping a shell.

FAVORS MORAL SUPPORT FROM ENTENTE TO RUSSIA

Declares That Bolsheviks Must Be Suppressed, But By Russians Rather Than By Foreigners.

Vladivostok, Jan. 30 (Correspondence of the Associated Press).—General Bolderf, member of the erstwhile Ufa directorate which was abolished by the Omsk cabinet at the time of Admiral Kolchak's elevation to the supreme rulership, favors moral and material support from allies to Russia, instead of military aid, on the ground that a people or faction of a population which is overcome by military force is inevitably a source of future trouble. He says the bolsheviks must be suppressed, but by Russians rather than by foreigners, and by moral suasion and a campaign of education rather than by force of arms.

General Bolderf would like the allies to hold the bolsheviks at bay until a Russian army can be formed which will be able to cope with them. "What Russia requires now," he said, "is only that the allies give sufficient military aid, backed by moral and material aid, to enable the samer elements in the population to muster their forces and take control of affairs."

General Bolderf declines to have anything to do with the government as at present constituted in spite of urgent invitations to align himself with the new order of affairs.

The coup d'etat which elevated Admiral Kolchak to a virtual dictatorship of the Omsk government, in his opinion was an unfortunate development which might have been avoided had each element in the Omsk coalition been willing to make concessions. The Ufa government was handicapped by lack of funds and the only way to make their influence felt appeared to be by joining forces with the Omsk government and striving for a plan upon which they could co-operate.

There was lack of confidence from the start and Chernov, former minister of agriculture in the Kerensky cabinet, who was attached to the coalition government in a minor capacity, precipitated the coup by charging the right element with bad faith and calling upon the social revolutionists to rise.

General Bolderf was at the front when other members of the directorate were arrested. He was invited to associate himself with the Kolchak forces but declined.

FORMER REBEL CAPTURED.

Z. Fernandez Taken By Mexican Secret Service Agents.

Mexico City, Feb. 1.—Zenaido Fernandez, who served as chief of staff for the former federal general, Luis Gahellero, when the latter revolted against the government in Tlaxcala early in 1918, has been arrested in this city. He was captured by secret service agents.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

New Lot of Sunkist Navel Oranges

just arrived this morning.
Sweet and juicy, dozen
30c, 35c, 40c, 50c and up
Florida Sweets, doz., 25c, 40c and 50c

U. meets at 6 in the church auditorium; speaker, J. George Mitchell; topic, "The Best Things in Our Society." The choir will give special vocal music during the services.

ARRANGING FOR HENLEY.

American Rowing Association Is Holding Meeting in New York.

New York, Feb. 1.—Rowing representatives of a majority of the leading eastern colleges and universities attended the annual meeting of the American Rowing Association here to-day. The place and date for the American Henley races were discussed and it was expected that the fixture would be awarded either to Philadelphia or Annapolis.

In addition to the Henley schedule, a number of dual and triangular college regattas may be arranged. The naval academy, it was announced, has a schedule of one or more races on the Carnegie lake course; Yale has open dates for the Housatonic and Cornell will be on the outlook for an opponent for the spring day regatta at Cayuga lake.

THE REAL LAND OF STRIKES.

157 in Buenos Aires in 10 Months with \$1,375,500 Loss in Wages.

Buenos Aires, Feb. 1.—From Jan. 1 to Oct. 31, 1918, there were 157 strikes in Buenos Aires, 25 of them general and 12 of which resulted in violence, according to a compilation of labor troubles made by La Razon. The strikes affected 61 trades and 121,400 employees.

La Razon estimates the wage loss to strikers as equivalent to \$1,375,500.

STRANGE CRIME IN WASHINGTON

Dr. Theodore T. Wong, Director of Chinese Educational Mission, Slain

AND HIS TWO CHINESE ASSISTANTS IN WORK

Perpetrators of the Triple Tragedy Are Thought to Have Been Chinese

Washington, D. C., Feb. 1.—With only one clue to follow, Washington police to-day sought to clear the mystery surrounding the shooting to death of Dr. Theodore T. Wong, director of the Chinese educational mission to the United States, and his two assistants, C. H. Hsieh and Ben Sen Wu, all Chinese of the highest caste, at the headquarters of the mission in the fashionable Mount Pleasant residential district. The bodies of the three men were found late yesterday by Kong Li, a fellow student of Hsieh and Wu at George Washington university, who called at the mission's headquarters to ascertain why the two had been absent from classes.

The sole clue, the police said to-day, was the description given by Li of the Chinese who met him at the door when he went to call on Dr. Wong Wednesday. According to the police, the stranger told Li that Dr. Wong was not at home. The three men apparently were killed some time Wednesday. All had been shot through the head. Persons living near the headquarters of the mission assert that they heard several shots fired several days ago, but disagree in their reports to the police as to the time.

Officials at the Chinese legation were unable to-day to give any motive for the crime. No effort, the police report, was made at robbery and valuable papers belonging to the Chinese government were left untouched.

ENGLISH COLONIES IN MEXICO.

British Consulate in Mexico Is Said to Have Received Inquiries.

Mexico City, Feb. 1.—The British consulate here has received official inquiries from London in regard to the possibility of establishing English agricultural colonies in the states of Colima, Tabasco, Guanajuato and Vera Cruz. The inquiries are said to be preparatory to carrying out demobilization plans.

GEORGE CAWSTON DEAD.

Was Famous Englishman in British South Africa.

London, Feb. 1.—The death is announced of George Cawston, who with late Cecil Rhodes, founded the British South Africa, or Chartered company. George Cawston had very wide views regarding the development of South Africa under the British flag, but disagreed with some of the methods used to bring it about.

His disapproval of policy which led up to the famous Jameson raid was so strong that he resigned from the board of the Chartered company.

Housework Is a Burden

Woman's lot is a weary one at best. But with backache and other distressing kidney ills, life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Barre women. Read what Mrs. N. M. Nelson, 20 Merchant street, Barre, says:

"A severe attack of the grip left my kidneys in a weakened condition. The slightest housework tired me, and after I was on my feet for any great time, sharp pains across my back compelled me to stop and rest. Other complications came on, and my kidneys began to act unnaturally. I paid out over one hundred dollars, seeking relief, but got none. I became discouraged until someone advised me to try Doan's Kidney Pills. They stopped the trouble in a short time and rid me of the dangerous attack."

OVER SIX YEARS LATER, Mrs. Nelson said:
"I still use Doan's now and then and find them as excellent as when I first recommended them."

Price 60c, at all dealers'. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Nelson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

NEW YORK FOOD PRICES LOWER.

Reductions of 10 to 15 Cents a Pound on Lamb, Pork and Mutton.

New York, Feb. 1.—A price list of food commodities submitted to Jonathan C. Day, commissioner of public markets, by the dealers in Washington market, Thursday showed general reductions of from 10 to 15 cents a pound from last week's figures on lamb, pork and mutton. Loin of pork was quoted at from 28 to 32 cents Thursday. A week ago yesterday it was selling for 42 to 44 cents. Pork tenderloins, which brought from 40 to 50 cents Thursday, were listed at 50 to 55 last week. Leg of lamb at 25 to 40 cents showed a 10-cent reduction.

There was practically no change in the selling price of beef. Prime roast beef Thursday brought from 35 to 50 cents, and sirloin steak sold at the same figure. Pot roast ranged from 38 to 40 cents and porterhouse steak from 55 to 60 cents.

Tub butter brought 60 cents Thursday and print butter 62 cents, a drop of 1½ to 2 cents from the day before and a decrease of 8½ cents during the week. There was a similar drop in the price of eggs Thursday. Fresh eggs from the west sold for 62 cents a dozen, and those from near by for 70 cents.

GEORGE CAWSTON DEAD.

Was Famous Englishman in British South Africa.

London, Feb. 1.—The death is announced of George Cawston, who with late Cecil Rhodes, founded the British South Africa, or Chartered company. George Cawston had very wide views regarding the development of South Africa under the British flag, but disagreed with some of the methods used to bring it about.

His disapproval of policy which led up to the famous Jameson raid was so strong that he resigned from the board of the Chartered company.

Come to My Free Feast of Health Says the Goldine Man

Who Will Be at Cummings & Lewis' Drug Store, Barre, Vt., from Tuesday to Saturday, Feb. 4 to 8, Inclusive

Invites All to Try His Wonderful Method Absolutely Free

Remember, I am going to give every man and every woman a free test of our Goldine Treatment, the medicine which was originated and perfected for suffering humanity and which is accomplishing such remarkable results. I am here on my tour of the leading cities where Goldine agencies are located.

Its users say this medicine gives new life, strength, energy and ambition to people who have lost their vim. This is the medicine that R. M. Blair says made him walk again after being a helpless invalid for three years, and to our knowledge is the only medicine having the record of such a case in the entire country.

This famous medicine, as they tell us, makes up the lack of certain elements that the system requires for the development of nerve strength and physical endurance. This is the medicine under which Mrs. Mago recovered, who suffered for twelve years. Health in six weeks when given only three months to live. Now does the work of her family of six. Goldine took off 39 pounds of bloat and dropsy in this lady in six weeks. She says it was a miracle and her neighbors

think the same. Maybe you are eating three square meals a day, but can't gain in strength because you don't assimilate your food. Or maybe you are nervous, easily excited, can't sleep, get weak and tremble, have floating specks before your eyes, bloating and gas on your stomach, and a bad case of indigestion. Compare your case with that of Mrs. Anna McKelvey, who says she had stomach trouble so bad that crackers and milk was her principal diet. She regained her health through Goldine and her case was of twelve years' standing.

Then maybe again you are troubled with impure blood, have boils and abscesses by the dozen. Orry Christ, the well-known street car motorman, said he had them so bad that he felt like a second job. Yet Goldine relieved him in just three weeks. If you suffer from loss of memory and have catarrh so bad that the mucus fills your throat until it chokes you; then your case is like that of Mrs. Elizabeth Birch, who recovered her health through Goldine.

Suppose you have to get up a number of times each night because of your water, your kidneys and bladder trouble you severely, the water burns like fire, you have rheumatism until you can hardly get around, you have had blood poison in your left arm and are 87 years old, then you might think that Goldine could not do you any good. If you think that, ask W. H. Nicholas. If you are still one of the doubters, I will give you names and addresses of these people so you can go and see and find out for yourself what it has done and is doing. No matter how skeptical you are, you owe it to yourself or the loved one in whom you are interested to investigate. We urge your investigation. Come to-morrow, and I will give you a large-sized test dose of Goldine. The minute you take it, people say, you will feel it to your toes. Then take it six days at your meals and watch the results. There is no string to this offer. You don't need to buy if you don't want to. This offer is to every man and woman of this city. We ask you to test Goldine for yourself. Come yourself or bring any suffering member of your family with the most difficult health problem and try Goldine just once.

Remember, I will meet you at Cummings & Lewis' Drug Store Feb. 4 to 8, inclusive, all next week except Monday. Come. My visit to your city is at the request of many satisfied users of Goldine in this community, who tell me that they have never had a medicine that gave them the complete and continued satisfaction of Goldine.—Adv.

New Shirts That Look New

When you buy a new shirt, you want it to look the part.

Snappy new materials and colorings; new patterns and styles are the rule in the new arrivals at our shirt counter.

Worth looking at—and when you see them you'll say they are worth buying.

Moore & Owens

Barre's Leading Clothiers

regarding the development of South Africa under the British flag, but disagreed with some of the methods used to bring it about.
